Site council update- Emergency meeting.

Karina was nominated for the committee for the principal hiring panel.

PTSO recommends that Site Council Meetings and policies should be made widely advertised so everyone can be aware to encourage funding usage that aligns with parent input and student needs. More thorough advertisement of the meetings, possibly zoom meeting links sent out for better accessibility and better transparency to benefit all stakeholders to more wisely utilize resources for the learning community as a whole. In addition, it is suggested that when voting for new members, advertising and sharing the news with the entire school community through all communication platforms is important.
